CORPORATE PROFILE

Synonymous with exceptional quality, precision craftsmanship, and global trade integrity.

Established in 2015, **GB Eximp, Pakistan** has grown into a world-class manufacturer and exporter of premium Himalayan rock salt products, rare minerals, and high-altitude crystals from Pakistan. Headquartered in a region uniquely blessed with ancient geological treasures, we supply top-tier products meticulously produced to satisfy rigorous international standards under our guiding motto, *"Partnering in quality worldwide."*

Why Global Brands Partner with GB Eximp:

- **Direct Sourcing Ecosystem:** We manage and control our entire supply chain right from the source—from selecting raw pink, white, and black salt blocks in pristine ancient mines to extracting precious crystals in high-altitude northern ranges.
- **Multi-Material Manufacturing:** Skip the friction of multiple vendors. We integrate Himalayan rock salt, luxury local marble, architectural metals, and hand-carved timbers under one roof.
- **Bespoke Branding & Private Labeling:** Tailored package dimensions, advanced barcode/SKU integration, custom geometric carving, and unique gift packaging options engineered for retail success.
- **Uncompromising QC Standards:** Every export consignment undergoes strict grade assessment, dehydration checks, and precision sizing before logistics deployment.

Our Export Process & Compliance

We streamline cross-border trade transactions by managing all necessary customs documentations, multi-currency processing, and rigorous compliance checks. Partnering with top-tier international freight forwarding lines, we guarantee predictable, seamless delivery from Karachi Port to any major global hub.

1. PURE HIMALAYAN EDIBLE ROCK SALT

Unrefined, additive-free, bio-available mineral salts direct from the ancient Salt Range.

Himalayan Rock Salt is celebrated globally for its rich content of trace elements, contributing to structural cellular health and pH balance. GB Eximp offers premium edible variants including Pink, White, and Black salt varieties tailored for retail, gourmet spice brands, and industrial food processing.

PRODUCT	DESCRIPTION
Gourmet Fine Pink Salt	Perfectly milled table salt for direct consumption and culinary blending. Shipped in premium bulk sacks or customized jars. Ideal for direct table use and day-to-day food seasoning.
Premium Coarse Granules	Ideal for table top spice mills and grinders. Exceptional crystal definition with uniform hardness, offering a slow-releasing gourmet burst of flavor.
Himalayan Pure White Rock Salt	An exceptionally clean, rare variant of Himalayan salt, offering an immaculate white appearance. High sodium chloride purity with subtle trace mineral notes, suitable for clean-label food concepts.
Traditional Himalayan Black Salt	Kiln-fired volcanic rock salt infused with indigenous herbs (Kala Namak). Famed for its distinctive sulfurous aroma, savory taste profile, and extensive Ayurvedic health benefits.
Industrial Bakery & Processing Salt	Highly fluid, clump-resistant natural salt formulated for large-scale baking, commercial pickling, and bulk spice formulations. Contains no synthetic anti-caking additives.

2. HIMALAYAN SALT LAMPS & PREMIUM LIGHTING

Handcrafted natural air purifiers radiating therapeutic warmth and organic beauty.

PRODUCT CATEGORY	DESCRIPTION
Natural Rock Salt Lamps	Individually hand-chiseled specimens preserving the authentic crystalline structure. Known for emitting ambient negative ions that cleanse dust and purify room air when illuminated by internal heating elements.
Geometric & Crafted Lamps	Meticulously lathed into exact shapes. Styles include Spheres, Pyramids, Cubes, Eggs, Tears, and Fire Bowls filled with raw glowing salt chunks. Optimized for modern minimalist and corporate interior decors.
Mini USB & Night Lights	Compact lifestyle salt fixtures equipped with multi-color LED modules or standard wall-plugs. Perfect for workspaces, nightstands, or compact spaces. Ready for gift packaging.
Artisanal Salt Candle Holders	Natural and geometric stone candle blocks designed to hold standard tea lights. Casts an enchanting amber glow when lit. Available in classic pink, rare white, and elegant grey rock salt.

3. LUXURY MARBLE & SALT HOME AESTHETICS

Sophisticated architectural ornaments fusing high-grade Pakistani marble, onyx, and hand-carved elements.

AESTHETICS ITEM	DESCRIPTION
Onyx & Marble Diffusers	Exquisitely lathed aroma diffusers carved out of pure Pakistani green onyx and white marble, housing salt accents or candle mounts. Designed for high-end hospitality decor and boutique setups.
Hand-Carved Stone Bookends	Geometric heavy stone blocks providing robust functional use while exhibiting beautiful crystalline geological patterns. Features combined salt blocks and rich wood backings.
Aesthetic Display Platters	Thick, high-polish accent bowls, trays, and display platters designed to hold custom crystals, decorative items, or dry vanity items. Fully customizable geometric profiles.

4. THERAPEUTIC WELLNESS & SPA PRODUCTS

Premium holistic items designed for high-end spa institutes, chiropractic care, and sauna builds.

ITEM PROFILE	DESCRIPTION
Architectural Salt Tiles & Bricks	Precision-cut natural blocks used to construct therapeutic salt walls, halotherapy chambers, and commercial sauna interiors. Excellent for climate-controlled wellness lounges.
Salt Massage Stones & Bars	Smooth, ergonomically shaped salt stones designed for hot stone massage therapy. Gently exfoliates and infuses vital trace minerals directly into the skin during body treatments.
Heated Foot Massage Boxes	Bespoke wooden encasements featuring a thick, smooth salt slab illuminated and warmed by interior light elements. Tailored for reflexology centers and home relaxation.
Bath Salts & Salt Pillows	Coarse mineral blends combined with botanical options or organic unrefined salt chunks. Hot/cold salt pillows for targeted joint comfort, skin detoxification, and muscular relaxation.

5. GOURMET CULINARY SALT PLATES & CROCKERY

Revolutionizing modern cooking and food display through natural mineral thermal dynamics.

GOURMET CROCKERY ITEM	DESCRIPTION
Salt Cooking Plates & Slabs	Thick, dense salt plates capable of being heated directly on gas stovetops or commercial grills to sear meats, seafood, and vegetables. Also acts as an elegant chilled serving block for sushi and charcuterie.
Salt Serving Bowls & Platters	Beautifully hollowed-out raw blocks. Naturally seasons cold salads, ice creams, or appetizers while maintaining a chilled serving temperature over extended dinner courses.
Salt Tequila & Shot Glasses	Hand-carved solid salt shot vessels. Imparts a smooth, nuanced, salty finish to tequila shots without the mess of traditional table salt. Perfect for luxury barware and high-end hospitality.
Heavy-Duty Pestle & Mortar	Solid stone kitchen mortar sets designed for bruising fresh herbs, crushing garlic, and compounding artisanal dry rubs while lending natural seasoning properties.

6. AUTHENTIC CRYSTALS & GEMSTONES

Mine-direct raw minerals and specimen grades responsibly sourced from Pakistan’s majestic northern peaks.

MINERAL / GEM	DESCRIPTION
Lapis Lazuli	Deep, intense celestial blue face heavily accented with uniform golden Pyrite matrices. Excellent block integrity for premium sphere carving, luxury tiles, and jewelry rough.
Swat Emerald	Sourced direct from the historic Swat Valley and Mingora mines. Celebrated for rich, highly saturated, electric-green hues. Highly valued by specimen collectors and high-end jewelry houses.
Aquamarine	Mined up to 13,000 feet in Skardu. World-famous 'gem pencil' crystal habits featuring pristine water-clear transparency. Ideal for statement mineral decor and crystal healing collections.
Pakistani Quartz Varieties	Exceptional crystalline geometry. Includes pristine Smoky Quartz, rare Faden structures, and stunning gold Rutile-included pieces highly sought after by metaphysical shops and wholesalers.
Topaz & Tourmaline	Rare naturally-pink Topaz from Katlang, alongside complex bicolored and watermelon Tourmalines from high pegmatites. Highly popular for custom fine jewelry makers and mineral museums.
Peridot & Calcite Crystals	Suppat Valley Peridot of unparalleled color profiles alongside honey-gold to soft green geometric light-amplifying Calcite structures for volume crystal wholesalers.

7. PREMIUM HIMALAYAN ANIMAL SALT LICKS

Essential unrefined macronutrient nutrition providing therapeutic bio-fortification for livestock and equine health.

PRODUCT PROFILE	DESCRIPTION
Rope-Hanging Salt Licks	Rugged, direct-chiseled rock salt blocks drilled precisely through the center. Fitted with heavy-duty rot-proof natural ropes for hanging hooks. Individually shrink-wrapped to preserve dryness and prevent humidity degradation in equestrian stables.
Compressed Trough Blocks	Machine-pressed, uniform block geometric formats designed specifically to slide directly into universal ground-feed troughs. Supports milk production, digestive functions, and cattle immune vitality.

8. ARTISANAL MULTI-MATERIAL INTERIOR DECOR

Harmonizing geological pink salt deposits with structural metals, powder coatings, and seasoned hardwoods.

DESIGN CLASSIFICATION	DESCRIPTION
Laser-Cut Metal Baskets	Contemporary geometric metal cages packed manually with pristine hand-selected glowing pink salt raw chunks. Complete with anti-rust coatings and certified electrical kits for modern workspaces and hotel lounges.
Seasoned Timber Framing	Wall-mounted architectural ambient fixtures or table lanterns framing thick salt tiles within rich, polished local wood grain frames like premium Sheesham wood or treated Walnut.
